Objective:
SCAIN aims to develop approaches to training needs assessment, including reflection and analysis by the parties involved to identify future actions to address existing weaknesses in capacity.

Background/Rationale:
DFID is funding a short-term phase of support for capacity strengthening, to run from April to December 2011, which builds on the achievements of the SCARDA project. The SCAIN project explores the use of tools and methodologies to identify and address capacity gaps in individual organisations in multi-stakeholder innovation platforms (IPs). It is assumed that the targeted IPs are built around a value chain - from primary production through to final consumption. In the ASARECA and CORAF sub-regions SCAIN will work with IPTAs supported by the DONATA project.

Project Outputs:

Project Funding Type: Commissioned

Participating institution and country location:
1. IER - Mali, DR LASSINE DIARRA, Tel: 223 20 22 26 02 /223 20231905, E-mail:direction@ier.ml
2. NARI - Gambie, Dr Lamin Jobe, tel: (00220 9935283/4484926), Email: lamin2005@yahoo.com
3. CRAL/DGRST, Dr Pierre batanba, Email: batpir@yahoo.fr /pierrebantaba@gmail.com'
4. CRI/CSIR - Ghana, Dr Stella ENNIN, Email: 'enninstella@yahoo.com'

Lead Institution: CORAF/WECARD

Project duration: 2007-2011

Starting date: 2007

Ending date: 2011

Source of funding: DFID

Amount of funding: 292559$
