Ecological intensification of extensive fish farming systems family in West Africa and Central from an analysis of the innovation process

**Project Code:** LFA/04/CF/CW/2011-14/

**Objective:**

The overall project objective is to strengthen the sustainability of productivity of fish farming and more broadly family farmers.

**Background/Rationale:**

Extensive fish farming grows discretely yet with interesting contributions to sustainable development and the fight against poverty in some countries. The project objective is to support this dynamic by incorporating the logic of recent innovations and those under development, to participate in the removal of major constraints foreshadowed in its development: lack of performance of technical systems, and access limited to sensitive information.

**Project Outputs:**

- Knowledge of innovations, actors and fish breeding constraints are improved
- Technical and organizational innovations are co-constructed
- The knowledge gained is shared
- Actors' capacities are strengthened

**Project Funding Type:** Competitive Project

**Participating institution and country location:**

1. Directeur du CRO -Côte d’Ivoire. Bamba SIAKA Dembélé, http://www.cro-ci.net; Email: cro-ci@hotamil.com; Tel: +225 21 35 50 14/ 21 35 58 80
2. Université de Bouaké Côte d’Ivoire, Lazare Marcellin POAME http://www.ubouake.ci; Tel: +225 22 42 58 74; Email/ pdtunivbkelaneuve@yahoo.fr
3. Faculté d’Agronomie de l’Université de Parakou (Bénin), ALKOIRET Ibrahim, http://www.fa-up bj; BP 123, Tél : (00229), 23 11 13 90 / 23 61 07 12 ; Fax : (00229) 23 61 07 12 ; E-mail : ibrahim.alkoiret@faup.bj
4. ONG SEAPB (Cameroun), seapb_cam@yahoo.fr / contact@seapb.org
5. ONG Aquaculture et Développement Durable (AquaDeD), Bénin, Email: aquaded_ong@yahoo.fr;  www.aquaded-ong.org

**Lead Institution:** Dr Minette TOMEDI-EYANGO épouse TABI, Université de Douala, Cameroun; (237) 77 97 70 26/ 33 06 81 51/ 99 79 17 21

**Project duration:** 2011-2014

**Starting date:** November 2011

**Ending date:** 2014
**Source of funding:** MDTF CORAF

**Amount of funding:** 498452$
