MPhil Seed Science and Technology

About WACCI

The West Africa Centre for Crop Improvement (WACCI) was established in June 2007 in the University of Ghana, in partnership with Cornell University (USA), to train Plant Breeders for the West and Central African sub-region (*for more information visit: <http://www.waccci.edu.gh>*).

The Centre is currently inviting applications for MPhil Seed Science Technology at WACCI, University of Ghana. Successful applicants will enroll in August 2016 and will comprise the second cohort of MPhil students.

Eligibility

Prospective students must have:

- A good first degree, at least a second class lower division in Agriculture, Botany or related field at the University of Ghana or any other recognized University in the WCA Region.
- For candidates whose first language is not English, a certificate of proficiency in English is required

Please, visit <http://waccci.edu.gh/eligibility.html> for full details on eligibility

How to Apply

Interested applicants should:

Complete an online form on the University of Ghana Graduate Admissions Page

Academic transcripts, copies of First Degree certificate, MPhil Proposal (Concept Note).

The email addresses of (3) referees must also be provided on the online form.

Visit the link below for detailed information on how to apply
<http://www.waccci.edu.gh/apply.html>
