CORAF's Contribution to ECOWAS Agriculture Policy

CORAF is one of the critical technical partners of ECOWAS, UEMOA, ECCAS, and CEMAC. In this role, CORAF carries out many actions intended to implement the regional economic communities’ agriculture policy. Prominently among the actions undertaken by CORAF in the past decade to advance the priorities of ECOWAP is the WAAPP.

Opportunities/Consultancies

CORAF procures an assortment of services. The process includes launching open expression of interests in which individual consultants and firms are eligible to apply. Check out our opportunities page if you are interested in offering your services to CORAF.
